BURGER BUILDER

## MINIMUM REQUIREMENTS

- TI 99/4A Home Computer

BURGER BUILDER

INTRODUCTION - The Fast Food Industry has penetrated every nook and cranny of everyday life. In the past just as we have had House Builders, Bridge Builders, Midnite Masons (Wall Builders), now one of the most honered professions is ... BURGER BUILDER! Your job as head of your fast food franchise is to generate ever greater profits in honer of free interprise, the American spirit and your pocketbook. Speed and agility are the ticket as some of the items used have mutated, and after being rehydrated (water added) from their freeze-dried shipping condition become very active. To preserve your profits (and you), burgers are their biggest attraction. Build those burgers fast enough and - NO PROBLEM, otherwise its goodby for your fast food franchise ...and you.

SETUP:

1) Insert the module into the slot on the console. Turn the computer ON, and wait for the master title screen to appear.
2) Press any key to make the master selection list appear. Press the key corresponding to the number beside BURGER BUILDER. Note: To remove the module, power OFF the the computer. Then remove the module from the slot. Make sure the ALPHA LOCK is OFF.

GAME PLAY - Either the keyboard, or joystick 1 may be used to start the play and launch the ball.

JOYSTICK OPTION (1 Player)		
Direction	**ACTION**	
Fire	Begin	Play
Left	Chef	Left
Right	Chef	Right
Up	Chef	Up
Down	Chef	Down

KEY	**ACTION**
FCTN 8	Begin Play
S	Chef Left
D	Chef Right
E	Chef Up
X	Chef Down
FCTN =	Quit Game

BURGER BUILDER is written by Glen Groves   Published by DataBioTics

GAME PROGRESSION

Press REDO or FIRE to begin play. Use the joystick or keyboard arrow keys (S,D,E,X) to guide the chef around the ladders and platforms. Walking over a burger part will cause it to drop to the next level if the next level is empty. Try to drop the parts onto the moving hotdog for extra points. If you succeed the hotdog will turn into a different and faster menence. Continue until all 4 hamburgers are built. You must build 4 hamburgers on the order plates at the bottom of the screen within the time limit shown on screen bottom right.

Scoring

Hotdog	100 points
Swiss Cheese	200 points
Pickle	300 points
Mushroom	400 points
Completed Burger	1000 points

Strategy Tips

1. The Chef has just enough room to hide on the ladders between levels.

2. The 'Fixins' always double back, in turn, from top to bottom.

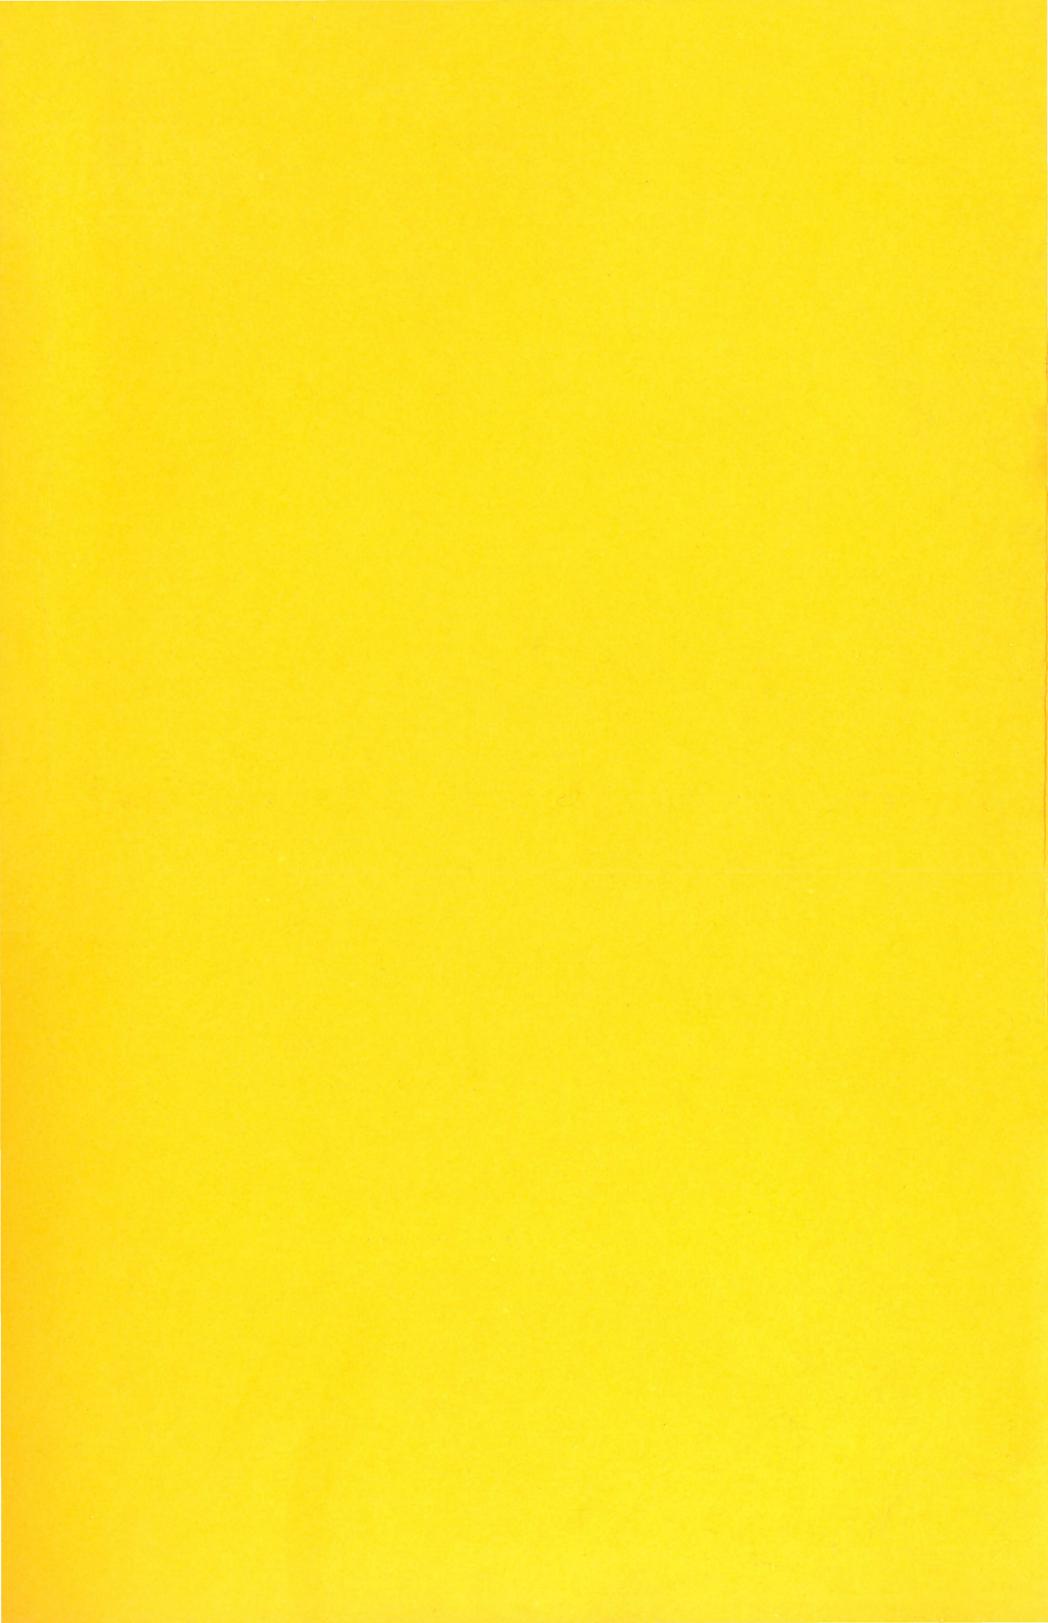

LIMITED WARRANTY

YOUR RIGHTS AND OURS - This product is yours - not ours - you paid for and you own it. You may sell this product without notifying us. However we retain copyright and other property rights in the program code and documentation. We think this policy is fair to you and and us, please abide by it. We will not tolerate distribution of this product by any other means.

LIMITED WARRANTY - In return for your understanding of our legal rights, we guarantee this product to reliably perform as detailed in this documentaion, subject to limitations here described, for a period of thirty days. If this product fails to performs specified, we will either correct the flaw(s) within a period of 30 working days of return or let you return this product to the place of purchase for a refund. If your retailer does not cooperate, return this product to us. While we can't offer more cash than we received for the product, you have this choice: 1) Cash refund of the wholesale price. 2) You may have a merchandise credit for the retail price which can be applied to any of our products. Any product returned must include date and proof of purchase, the original product and all packaging and documentation. If the product is defective within the warranty period return it to us for a free replacement.

We cannot be responsible for any damage to your equipment, reputation, profit-making ability or mental or physical condition by the use or mis-use of this product. Under no circumstances will we be liable for an amount greater than your purchase price. Some states do not allow limitations on how long an implied or express warranty lasts, or the inclusion or limitation of incedental or consequential damages, so some of the above limitations or exclusions may not apply to you.

FEEDBACK - Customer comments are VERY important to us. Please let us know how you consider the product. COPYRIGHT NOTICE - This module, module contents and documentation are Copyright (C) 1987 by DataBioTics.
